## Advantages of BTCE

### Trades like an ETF

Buy and sell like any stock or ETF through your regular broker or bank. No new account needed, just enter the ticker or ISIN on your trading platform.

### Advanced ETP Structure

100% fully backed, physical redemption, independent administrator, and full transparency through real-time proof of holdings feature.

### Institutional-Grade Custody

Assets backing the ETP are kept in cold-storage custody and are secured by an independent trustee, thus mitigating issuer default risk.

### Tier 1 Regulatory Framework

Issued and domiciled in Germany, tradable on XETRA and many additional platforms, and with German financial authority approved base prospectus.

## Key risks

1. Investor's capital is at risk and investors may not get back the amount originally invested and should obtain independent advice before making a decision.
2. Any decision to invest should be based on the information contained in the relevant prospectus.
3. ETP securities are structured as debt securities, not as equity.
4. ETPs trade on exchanges like securities. They are bought/sold at market prices which may be different to the net asset value of the ETP.

## Performance

Since Inception

## NAV

The net asset value (NAV) of an ETC represents the net \$ value per underlying cryptocurrency

Last updated:

Ticker	BTCE	NAV daily change	5.13% / \$ 4.49
Base currency	USD	NAV YTD change	118.58%
NAV (USD)	91.88	NAV since inception	847.14%

The ETCs' NAV value is determined at 4.00 pm CET of each business day, and represents the value of one unit; it is calculated by using the relevant spot price of the underlying digital asset. The value is not necessarily the same as the ETCs' intraday trading price. Investors should not expect to buy or sell the ETC at the determined NAV value. Performance quoted represents past performance. Current performance may be lower or higher than average annual returns shown. NAV performance is displayed in base currency (USD), price performance is displayed in trading currency (e.g. EUR). Brokerage or transaction fees will apply. Past performance is no guarantee of future performance, and your invested capital may be at risk.

## Custody

Bitwise only partners with leading providers of digital asset custody.

### Regulated Certified

Being the first qualified custodian purpose-built for holding digital assets, BitGo Trust Company is an independent trust company regulated by the South Dakota Division of Banking, and SOC 2 Type 1 & 2 certified.
