## Advantages of GXRP

#### Trades like an ETF

Buy and sell like any stock or ETF through your regular broker or bank. No new account needed, just enter the ticker or ISIN on your trading platform.

#### Cold-storage custody

The XRP is kept in cold-storage at a regulated custodian, and all assets are secured by an independent trustee, thus eliminating issuer default risk.

#### 100% physical

You are legally entitled to the underlying XRP and you can redeem the ETP for the cryptocurrency, alternatively to selling on exchange.

#### Regulated security

Issued in Germany under German regulatory oversight, the ETP's primary listing is on XETRA, the largest ETF exchange in Europe.

## Key risks

1. Investor's capital is at risk and investors may not get back the amount originally invested and should obtain independent advice before making a decision.
2. Any decision to invest should be based on the information contained in the relevant prospectus.
3. ETP securities are structured as debt securities, not as equity.
4. ETPs trade on exchanges like securities. They are bought/sold at market prices which may be different to the net asset value of the ETP.

## Performance

Since Inception

## NAV

The net asset value (NAV) of an ETC represents the net \$ value per underlying cryptocurrency

Last updated:

Ticker	GGRP	NAV daily change	-3.83% / \$ -1.26
Base currency	USD	NAV YTD change	248.71%
NAV (USD)	31.60	NAV since inception	172.88%

The ETCs' NAV value is determined at 4.00 pm CET of each business day, and represents the value of one unit; it is calculated by using the relevant spot price of the underlying digital asset. The value is not necessarily the same as the ETCs' intraday trading price. Investors should not expect to buy or sell the ETC at the determined NAV value. Performance quoted represents past performance. Current performance may be lower or higher than average annual returns shown. NAV performance is displayed in base currency (USD), price performance is displayed in trading currency (e.g. EUR). Brokerage or transaction fees will apply. Past performance is no guarantee of future performance, and your invested capital may be at risk.
